

Computer Enrichment Fall 2010 Classes

Children will use the computer as a learning tool and developmentally, age-appropriate software in the school's computer lab. The classes will reinforce academic readiness skills while the children learn to master computer skills.

Program features:

-  30 minute sessions enhancing creativity and confidence.
-  Small class size— limited to 7 students, allowing for individualized attention.
-  Technology activities specifically designed to meet the needs of 3,4 and 5-year olds while keeping learning fun and challenging.
